

The
Morris Area Foundation
Inc.
BUILDING A LEGACY FOR YOUR COMMUNITY

Grants

It's that time of year again! The 2026 Granting Application Process is now underway! The Morris Area Foundation responds to needs identified by local registered charities through a granting process. Local charities can apply for funding once a year. The Foundation's board of directors reviews the applications and awards available funds to projects that exhibit need, innovation, and benefit a wide segment of our population.

Through this process the interest earned on your donations to the Foundation helps support a wide variety of causes:

- **Community service**
- **Education**
- **Health care**
- **Recreation and sport**
- **Arts and culture**
- **Environment and social services**

Grant submissions are being taken for projects to take place in the RM of Morris, including the communities of Rosenort, Lowe Farm, Aubigny, Sperling and Town of Morris.

Application forms and guidelines are available at www.themafinc.com or by scanning the QR code. You may also request an application by emailing info@themafinc.com. The application deadline is Friday, October 23, 2026.
